USER/INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s)
 Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1 it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority, specified in block 1
 Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown

 All commodities, technology and software of United States origin or based on United States technology or design are controlled by the U.S. Government and authorized for export only to the country of ultimate destination for use by the ultimate consignee or end-user(s) herein identified. They may not be resold, transferred, or otherwise disposed of, to any other country or to any person other than the authorized ultimate consignee or end-user(s), either in their original form or after being incorporated into other items, without first obtaining approval from the U.S. government or as otherwise authorized by U.S. law and regulations. See <https://www.bis.doc.gov> for more information.

Certificate of Conformance:

Satair A/S is a certified distributor and meets all applicable requirements of ISO 9001:2008 and EN/AS 9120
 FAA AC 00-56
 Airbus UK 90537

SATAIR A/S makes no independent representation that the parts are acceptable for installation. These determinations are to be made by the installer based on inspection of the parts and documentation forwarded by SATAIR

Copies of certificates covering this shipment are enclosed in an envelope marked QUALITY DOCUMENTS.
